The Strategic Plan is a dynamic document that serves as a road map for how staff will implement the Board of County Commissioners' vision, mission and objectives. The plan was approved on June 1, 2017 and can be viewed at <http://bit.ly/2vmvrwT>

The roundtable discussions will include an open forum including Douglas County staff and residents and is designed to encourage citizen involvement and learn about current areas of focus and initiatives for the next fiscal year. Light refreshments will be served.

“As the process continues, we are looking to get citizens involved in how we will succeed as we work on each of the priorities outlined in the Strategic Plan,” said Assistant County Manager, Jenifer Davidson. “It is really an opportunity for citizens to talk to us about the concerns specific to their area and to engage with those who do not have an opportunity to attend our public meetings.”

This is the second year Douglas County has performed citizen roundtables. The roundtables are open to all community members regardless of their area of residence. For questions about the roundtables please call 775-782-9821.
