Douglas County Code (20.620.043) requires the issuance of a sign permit for any business or civic organization which proposes to utilize an A-Frame Sign for advertising purposes. The business owner agrees to comply with the following conditions:

A-FRAME SIGNS:

1. No more than one A-Frame sign may be used per unit of operation.
2. The A-Frame sign may be placed in the following locations: a) in front of the unit of operation, adjacent to the storefront entrance, b) on the parcel where the business or civic event is located and placed along the street frontage, or c) if the business is located within a commercial or industrial complex, the sign may be placed on any parcel within the complex fronting a public street with written permission from the property owner. The sign must be securely affixed to the ground (bolted or weighted), and must not block a public sidewalk or be placed in the public right-of-way, and must not block site visibility along the street or pose a traffic hazard.
3. May only be displayed during business hours or during the civic event.
4. Maximum size of the A-Frame sign structure is limited to 7.85 square feet in area, including sign support, with a maximum height of 3.75 feet (45 inches), and a maximum width of 2.08 feet (25 inches).
5. The sign area must be designed as follows:
 - a. A maximum of six square feet of sign area, which may include a logo.
 - b. Sign area must be of uniform type and color.
 - c. Sign display must be permanently affixed to the sign. Magnetic or decal lettering is acceptable.
 - d. Erasable sign display is allowed.
6. The sign structure must be square or rectangle in shape with an overall design that is compatible with the business it serves and/or complements the streetscape.
7. The A-Frame sign must be made of durable, low-maintenance material which will withstand extreme weather conditions.
